# YourSix

Education Solutions

From the classroom to entire campuses, we've got your back.

In today's era of heightened concern over the safety of students and faculty, it's imperative that every school address physical security. Whether you're a small private school or a large collegiate campus or anything in between, you REQUIRE solutions that ensure accountability, reliability, and visibility.

The YourSixOS pure cloud solution addresses the complexities of an educational campus with modern technology. By converging cameras, access control, audio, speakers, sensors, and AI-powered analytics into a single, scalable environment, we actively foster safer educational environments that work for you and your students. And, the visual intelligence we generate leads to more efficient operational and educational outcomes - a win for every community.

Fueling Innovation Through Open Technology

As technology continues to evolve at a rapid pace, it becomes increasingly difficult for schools to justify funding solutions that risk vendor lock-in. YourSix is dedicated to open technology and standards-based devices to save you from this dangerous financial pitfall.

- One-touch lockdown on access control systems stops or slows intruders
- Door stations and intercoms can be integrated with campus phones
- Smart speakers can integrate into bell systems and other A/V platforms
- Convenient web and mobile applications provide access from any device
- Advanced permissions allow only the right access from authorized staff
- Single pane of glass eliminates reliance on VPN for multi-site viewing

Utilize AI analytics to see more, know more, and be better equipped to respond

Securely manage all devices from a single pane of glass

Y6OS enables Professional Monitoring to ensure peace of mind
