

Retail Solutions

From loss prevention to customer experience, we've got your back.

Physical security has long been a critical factor in any retail organization's operational plan, whether you're managing quick-serve grocery and big-box stores, boutiques, or even hospitality. Ensuring the customer experience is safe, and the staff and inventory are secure take top priority. Just as importantly, visual intelligence is today's best practice among the most efficient and cost-effective operations.

For redundant, scalable, and simple security and operational intelligence, YourSix offers the strongest convergence of cloud-based security capabilities available in the market, with cameras, speakers, access control, smart sensors, and analytics that drive revenues and secure the future of your retail business in real-time.

Eradicating downtime with **redundant architecture**

Powering simplicity with a **single pane of glass**

Growing to your needs with **unlimited scalability**

Ensuring up-to-date protection with proactive **health monitoring**

Guarding data with **modern cybersecurity protocols**

Protecting Retail Assets & Perfecting Customer Experiences

From the loading dock to the sales floor, you must prevent, deter, and detect shoplifting and theft in real-time, while maximizing your customer engagement at every moment. In the era of big data, today's leading retail environments are immersive, personal, and responsive. Generate visual intelligence that increases customer satisfaction through real-time engagement.

- Reduce investigation time – search and upload recordings of any incident
- Analyze customer movement and shopping behavior, maximizing revenue
- Protect yourself from unwarranted claims
- Use demographic data to feed digital marketing announcements
- Influence buying decisions through analytics and in-store audio
- Ensure proper staffing by comparing stats across locations and time
